2. 中心句的重要性

中文写作习惯是:

①今天早上九点　②我去超市买东西　③我看到一个人觉得很熟悉

④走近一看原来是我的一个朋友

This morning at nine o’clock, I went to the supermarket, I saw a man, the man looks very familiar, when I walked to the man , the man was a friend of mine.

英文论述习惯：先总结，后解释

I saw a man who was a friend of mine when I went to the supermarket this morning at nine o’clock.

所以，应该在中心句把整段话的主要观点说出来

中心句要点

在雅思考试里，中心句的写作决定了两个评分标准的分数：

扣题/逻辑与衔接 TR/CC

真题举例:

例: Some people believe that they should be able to keep all the money they earn and should not pay tax to the state. To what extent do you agree or disagree?

例：Some people believe that they should be able to keep all the money they earn and should not pay tax to the state. To what extent do you agree or disagree?

主体一段：If the government has tax revenue, public facilities such as roads, schools and hospitals can receive more funds from the state.**（中心句）** Without a great public transport system, commuters find it difficult to travel to and from work, and traffic congestion could reduce work efficiency. Public schools can provide children with educational opportunities and enable these young students to gain knowledge, which is beneficial to economic growth. These projects or services are normally not funded by the private sector, because of the low profit margin. **（分论点一：税收资助公共设施）**We should also recognise that the government can achieve the goal of income redistribution by taxation. For example, in many countries, the high income group needs to pay high tax, while the low income group can get assistance from the government**（分论点二：税收重新分配财富）**

主体一段： If the government has tax revenue, public facilities such as roads, schools and hospitals can receive more funds from the state. **(中心句)** Without a great public transport system, commuters find it difficult to travel to and from work, and traffic congestion could reduce work efficiency. Public schools can provide children with educational opportunities and enable these young students to gain knowledge, which is beneficial to economic growth. These projects or services are normally not funded by the private sector, because of the low profit margin. **(分论点一：税收资助公共设施)** We should also recognise that the government can achieve the goal of income redistribution by taxation. For example, in many countries, the high income group needs to pay high tax, while the low income group can get assistance from the government **（分论点二：税收重新分配财富）**.

要点1： 中心句一定要和段落的内容一致（决定了CC）

分析:

主体部分第一段整段话讨论了两个分论点:

一是通过税收政府可以资助公共设施;

二是通过税收政府可以重新分配社会财富。

但是这一段中心句并没有体现这一点。

中心句应该写成这样:

Paying tax can have important implications to a country's economy.

这样读者就知道整段话会讨论税收对**经济**的意义。

例：Some people believe that they should be able to keep all the money they earn and should not pay tax to the state. To what extent do you agree or disagree?

主体三段： On the other hand, people may not have the incentive to work hard and entrepreneurs are also not willing to set up a business. **（中心句）** Money is a great motivator for most people because they can improve living standards and gain a sense of accomplishment. Without the hard work of these people and their willingness to show their talents, a country would not become prosperous and the welfare system could not be sustained.

主体三段： On the other hand, people may not have the incentive to work hard and entrepreneurs are also not willing to set up a business. **（中心句）** Money is a great motivator for most people because they can improve living standards and gain a sense of accomplishment. Without the hard work of these people and their willingness to show their talents, a country would not become prosperous and the welfare system could not be sustained.

要点2：中心句要出现关键词/关键词同义替换（决定TR）

分析:

这是主体部分第三段的中心句，但没有说清楚这是交税带来的影响

可以加上关键词，如交税这样的表达:

On the other hand，**if taxpayers are subject to high taxes**，they may not have the incentive to work hard and entrepreneurs are also not willing to set up a business.

这样就知道在讨论高税收带来的问题

总结

中心句注意要点：

1. 中心句一定要和段落的**内容一致**（决定了Coherence and Cohesion）
2. 中心句要出现关键词或者关键词的**同义替换**（决定了Task Response）
3. 中心句要有**连接词**（决定了Coherence and Cohesion）
4. 中心句要**对应题目**（决定了Task Response）
